### **Ontario's Auction Paper Appreciates Farmers!**

**The Woodbridge Advertiser, Ontario's Auction Paper,  
is a small newspaper with strong rural roots.**

From its humble beginning in the 1930's as a one page circular advertising local farm sales, to the thriving province-wide publication we produce today, our appreciation of Ontario and its rural origins has never wavered. Since the first Woodbridge Advertiser was pressed in 1935, generations of Ontario history have passed through its pages. Through these auctions sales, the treasures of olden times have been preserved — passed on to those who recognize and appreciate their value.

The past 75 years have seen enormous growth for us. We have expanded to become the premiere auction publication of the province, advertising all types of auction sales — Estate, Farm, Antique & Collectible, Home Improvement, Bankruptcy Liquidation, Art, Real Estate, Restaurant, Machinery & Equipment, and more.

In celebration of our upcoming 75th year in print, we are offering a complimentary 10 issue subscription to all Ontario Farmers.
